

"Community Responsibility" Program

Application Information and Guidelines for Community Grants and Funding

About the Program

Sharp Airlines recognises that in every community there are formal and informal groups in need of support funding or sponsorship which assists important causes.

In regional areas in particular these groups are often the fabric which holds together small communities.

Sharp Airlines has built a reputation for listening to the public, investing in development, encouraging initiative and seeking new opportunities. Our commitment is to deliver quality service and to provide what ever support we can to the community where necessary.

With this in mind, Sharp Airlines has established its own community fund to which groups can apply for funding to support worthy causes.

Applications to the Sharp Airlines community fund will be assessed on the extent to which support will facilitate community outcomes beyond those which can be achieved at present.

Who can apply?

Organisations, clubs or community groups that apply must be based within Victoria or South Australia.

Applications can come from formal, long-standing organisations or simply from an informal gathering of people which may, for example, be seeking support for an individual who has struck difficult circumstances.

Applicants may seek funding to support an event or to give a boost to an already established community activity.

Sharp Airlines is eager to support the community through this fund and invites applications.

Filling out the Application Form

The attached application form is designed to collect information about what you have planned for your project. It includes budget considerations, information on the location and setting of your project, and the objectives and strategies you will employ in carrying out your project.
